- Cell Analysis • Safety

— 2017 —

Plasmid DNA Purification & Quantification

- Automated plasmid purification
- Centrifugal evaporators
- Kits & reagents
- Magnetic beads purification kits
- Plate plasmid purification
- Spin/vacuum column purification kits
- Sterile centrifuge tubes, microcentrifuge tubes, round bottom tubes

- Affymetrix
- Biochrom
- Corning
- Falcon
- Fisher BioReagents
- GE Healthcare
- Invitrogen
- Jenway
- Labconco
- MP Biomedicals
- Stuart
- Thermo Scientific

Whole Genome Amplification

- Kits & reagents

- GE Healthcare

PCR Amplification

- Buffers
- DNA polymerases (Taq, speciality polymerases)
- Master mixes
- Microtubes labelling
- Nucleotides
- PCR cabinets
- Primers
- Thermal cyclers
- Tubes, strips, plates

- Affymetrix
- Axygen
- Biochrom
- Brady
- Eppendorf
- Fisher BioReagents
- Fisherbrand
- GE Healthcare
- Invitrogen
- Plas-labs
- Techne
- Thermo Scientific
- UVP
- PCR Max

Electrophoresis

- DNA stains
- Gel reagents (agarose, acrylamide, buffers)
- Gel tanks and accessories
- Molecular weight markers and ladders
- Pre-cast gels
- Transilluminators and gel documentation systems
- Thermostat systems
- Microcentrifuge tubes

- Fisher BioReagents
- Fisherbrand
- GE Healthcare
- Grant
- Hoefer
- Huber
- Invitrogen
- Julabo
- Thermo Scientific
- UVP

Cloning

- Competent cells
- Enzymes
- Vectors and cloning kits

- Fisher BioReagents
- GE Healthcare
- IBA
- Invitrogen
- Techne
- Thermo Scientific

PCR Cleanup

- Purification of PCR products and restriction fragments
- Microcentrifuge tubes
- Kits & reagents

- Affymetrix
- Biochrom
- Fisherbrand
- GE Healthcare
- Invitrogen
- Thermo Scientific

Electroporation

- Reagents

- Eppendorf
- GE Healthcare
- BTX
- Invitrogen
- Thermo Scientific

Genotyping & Fragment Analysis

- Kits & reagents

- Invitrogen
- Thermo Scientific

Genomic DNA Purification

- Automated genomic DNA purification
- Magnetic beads purification kits
- Organic purification reagents
- Plate purification kits
- Spin column purification kits
- Microtubes and sterile centrifuge tubes

- Corning
- Falcon
- Invitrogen
- Jenway
- Labconco
- MP Biomedicals
- Stuart
- Thermo Scientific

Southern Blotting

- Buffers
- Detection reagents
- Films and cassettes
- Imaging systems
- Membranes
- Probe synthesis and labelling kits

- Fisher BioReagents
- GE Healthcare
- Invitrogen
- Merck
- Thermo Scientific
- UVP

RT-PCR, qPCR Amplification

- Custom, predesigned and validated assays
- Microtube labelling
- qPCR and qRT-PCR kits
- RT-PCR kits
- Standalone RT reagents
- SYBR Green and probe-based detection

- Affymetrix
- Applied Biosystems
- Axxygen
- Biochrom
- Brady
- Eppendorf
- Fisher BioReagents
- Fisherbrand
- GE Healthcare
- Invitrogen
- Stuart
- Techné
- Thermo Scientific

Microarrays

- Array CGH labelling systems
- Buffers
- Probe synthesis and labelling kits
- RNA amplification kits
- Slides

- Affymetrix
- Applied Biosystems
- Biochrom
- Corning
- Fisher BioReagents
- GE Healthcare
- Invitrogen
- Thermo Scientific

RNA Purification & Quantification

- Automated RNA purification
- Magnetic beads purification kits
- Organic purification reagents
- Plate DNA purification kits
- Ribosomal RNA depletion kits
- Spin column purification kits
- Total RNA, mRNA, small RNA purification kits
- Microcentrifuge tubes, round bottom tubes

- Affymetrix
- Applied Biosystems
- Biochrom
- Corning
- Falcon
- Fisher BioReagents
- Fisherbrand
- Invitrogen
- Jenway
- Merck
- MP Biomedicals
- Spex
- Stuart
- Thermo Scientific

Northern Blotting

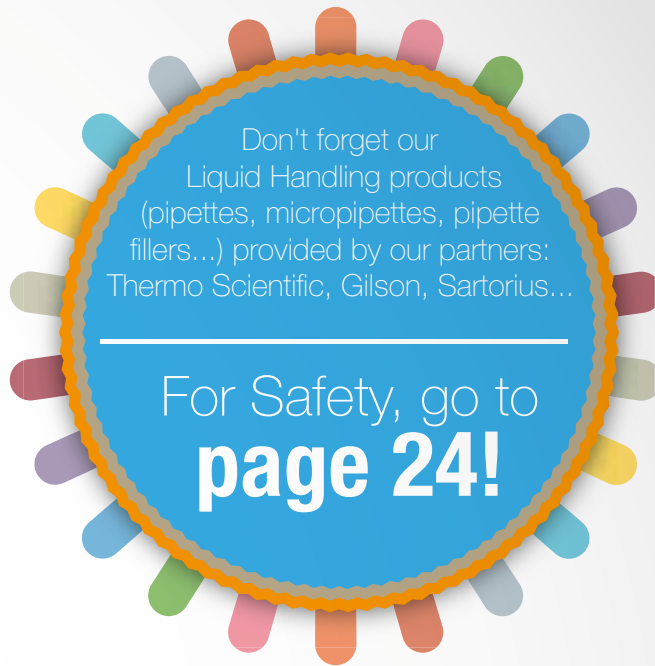

- Buffers
- Detection reagents
- Films and cassettes
- Imaging systems
- Membranes
- Probe synthesis and labelling kits

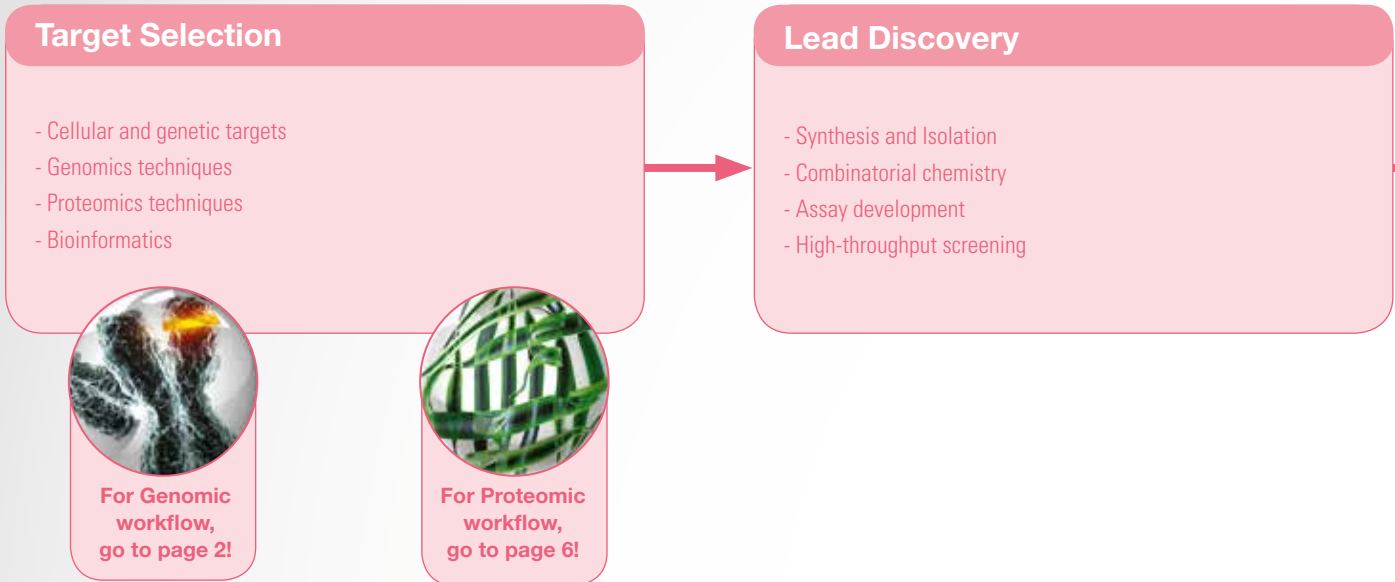

- Fisher BioReagents
- GE Healthcare
- Invitrogen
- Merck
- Thermo Scientific
- UVP

In vitro Translation

- Thermo Scientific

Unrivalled Life Science

Turning ideas into innovations requires the very best. We are your one exclusive source for the world's greatest life science brands and innovative products.

Trademarks used are owned as indicated at www.fishersci.com/trademarks

Immunoassays

- Antibodies
- ELISA kits
- Plates
- Microplate readers and washers

- Affymetrix
- BioTek *
- Invitrogen
- Thermo Scientific

Quantitation

- Reagent bases
- Spectrophotometers

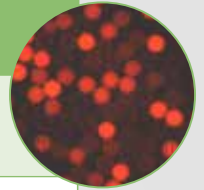

- Biochrom
- Jenway
- Thermo Scientific

Bead-Based Flow Cytometry

- Calibration beads
- Labelling reagents

- Affymetrix
- Invitrogen
- Thermo Scientific

Protein Purification

- Affinity purification
- Antibody purification
- BioLC columns
- Chromatography equipment
- Gel filtration media
- GST-tagged purification
- His-tagged purification
- Ion exchange media
- Prepacked columns
- KingFisher
- Strep-tagged purification

- Affymetrix
- GE Healthcare
- IBA Life Sciences
- Invitrogen
- Merck
- Thermo Scientific

Protein – Protein Interaction

- Co-Immunoprecipitation (Co-IP)
- Cross-linking reagents
- Protein arrays
- Pull-down assays
- Yeast two-hybrid assays

- GE Healthcare
- IBA Life Sciences
- Invitrogen
- Thermo Scientific

Don't forget our
Liquid Handling products
(pipettes, micropipettes, pipette
fillers...) provided by our partners:
Thermo Scientific, Gilson, Sartorius...

Tissue, Primary Cells, Established Cell Lines

Transfection

- Electroporation devices and kits
- Micropipettes
- Plasmid transfection reagents
- Protein transfection reagents
- RNAi transfection reagents
- Viral delivery kits

- Affymetrix
- BTX
- Eppendorf
- GE Healthcare
- Gibco
- Invitrogen
- Thermo Scientific

Fixation

- Fixation and permeabilisation reagents

- Affymetrix
- Fisherbrand
- Fisher Bioreagents
- Invitrogen
- Thermo Scientific

Immunohistochemistry

- Counterstains
- Immunodetection substrates
- Microtomes and cryostats
- Primary antibodies
- Sample preparation reagents
- Secondary antibodies

- Affymetrix
- Fisherbrand
- GE Healthcare
- Invitrogen
- Merck
- Thermo Scientific

Staining

- Cell strainers
- Haematology stains
- Speciality stains
- Viability stains
- Wash bottles

- Brady
- Fisher BioReagents
- Fisherbrand
- Invitrogen
- Scilabware
- Thermo Scientific

Microscopy

- Light microscopes
- Microscope cameras
- Microscope slides and coverslips
- Mounting media
- Slide labelling

- Brady
- Carl Zeiss
- Fisherbrand
- Invitrogen
- Motic
- Plas Labs
- Thermo Scientific

Gene Knockdown

- Custom, pre-designed and validated assays and controls
- Oligo-based, plasmid-based and viral-based delivery

- GE Healthcare
- Invitrogen

Proteomic Studies

Flow Cytometry

- Cell counters
- Cell separation magnetic beads
- Conjugated antibodies
- Conjugation kits
- Control beads
- Fixation and permeabilisation reagents
- Nucleic acids and functional stains

- Affymetrix
- Applied Biosystems
- GE Healthcare
- Invitrogen
- Merck
- Thermo Scientific

Protein Expression

- Cell-free protein expression kits
- *E. coli* expression kits
- Insect expression kits
- Mammalian expression kits
- Protein purification resins and columns
- Yeast expression kits

- Affymetrix
- GE Healthcare
- Gibco
- IBA
- Invitrogen
- Thermo Scientific

Fluorescent Imaging

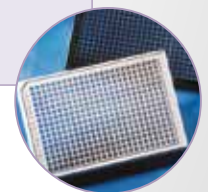

- Antifade reagents
- Fluorescent probes and antibodies
- Fluorescent labelling kits
- Fluorescent microscopes

- Carl Zeiss
- GE Healthcare
- Invitrogen
- Thermo Scientific

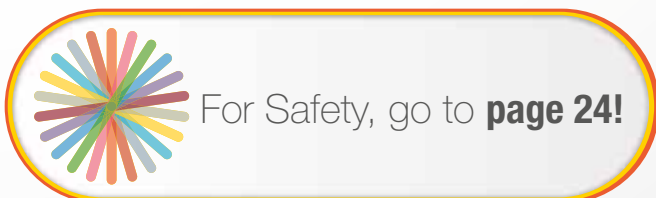

Cell-Based Assays *Kits, Reagents and Consumables for:*

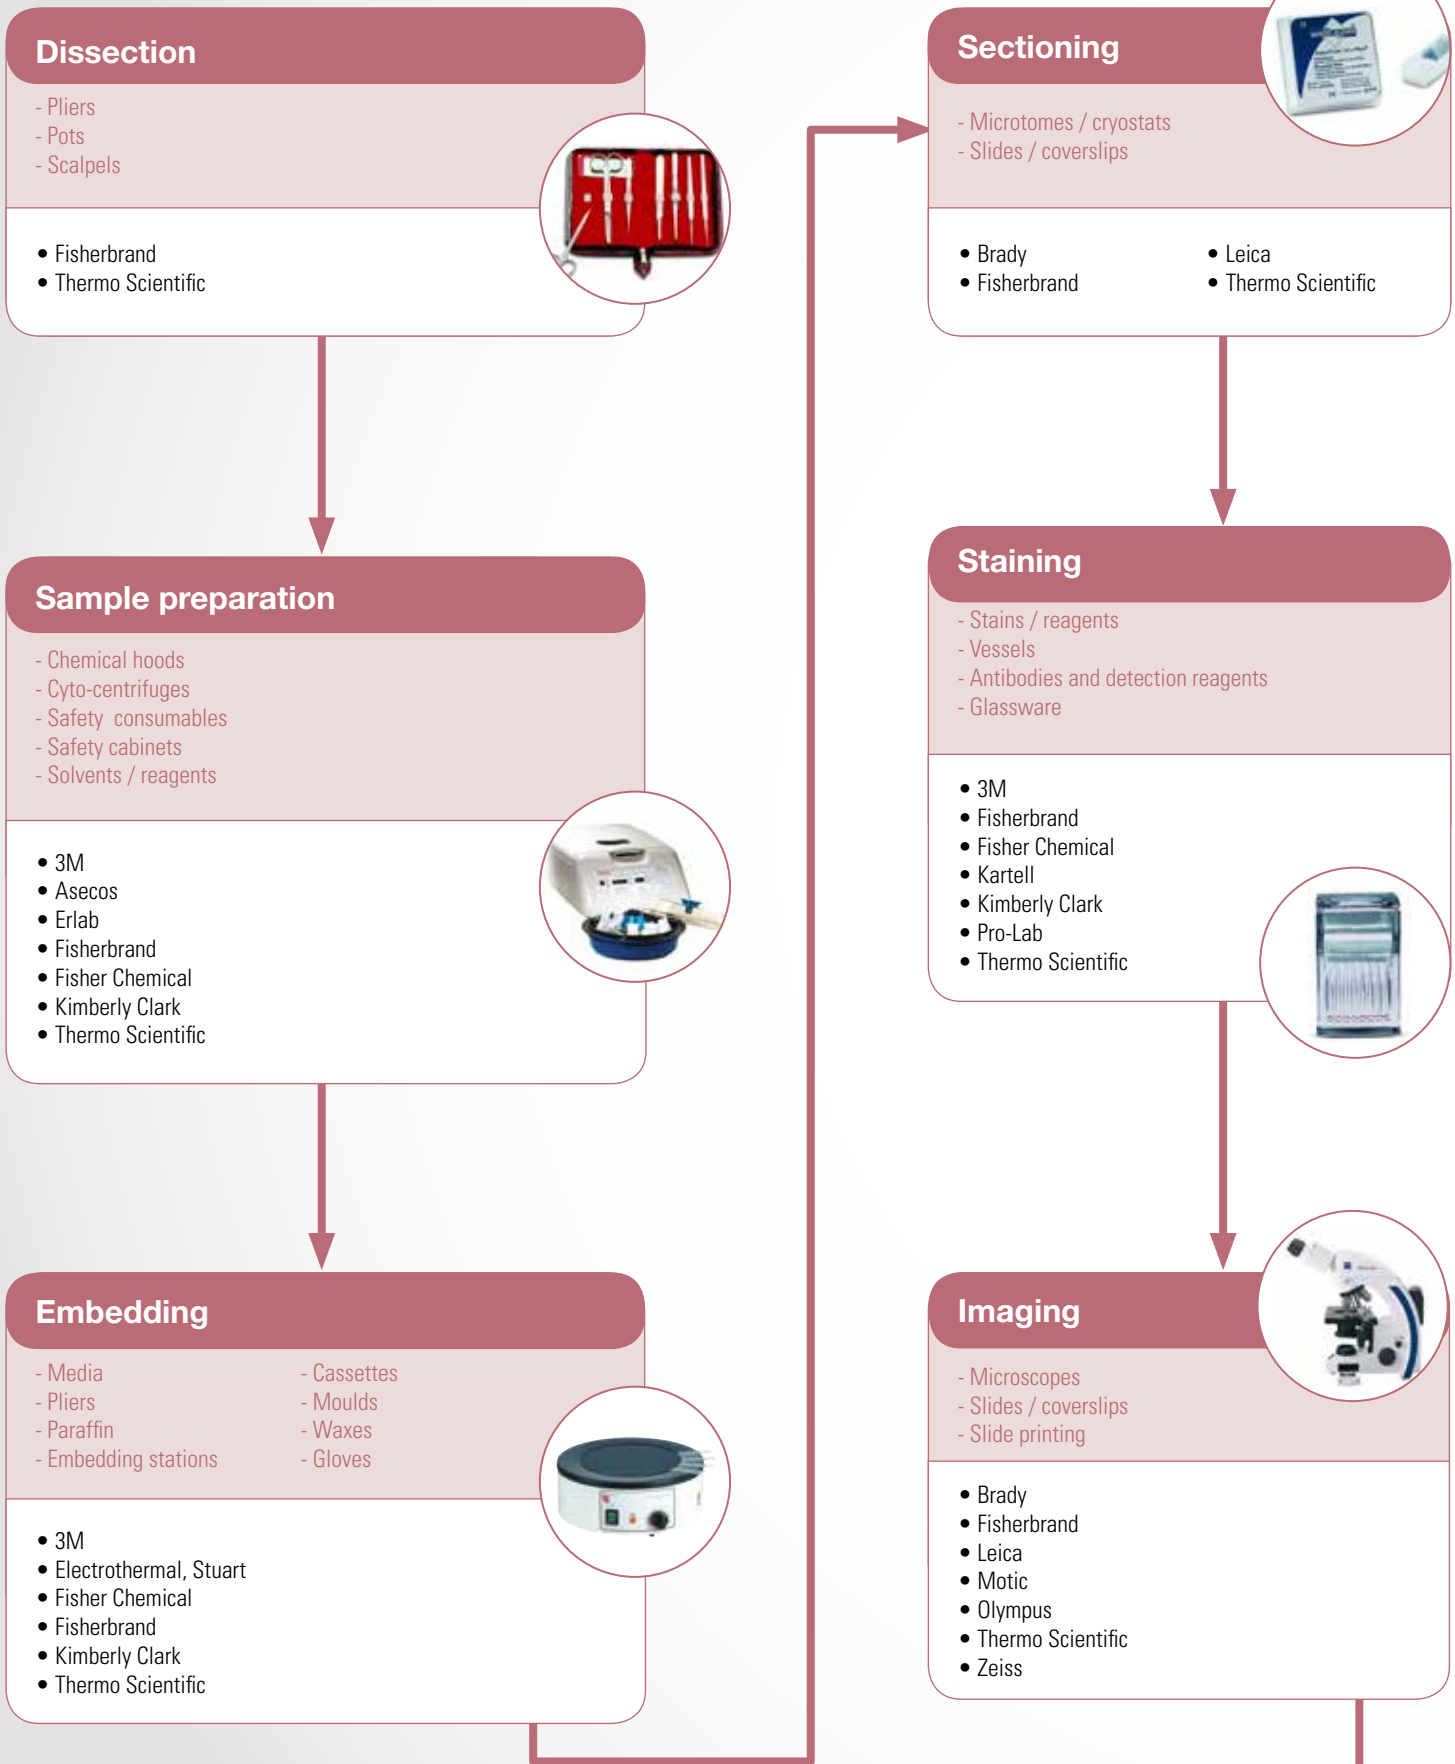

- Apoptosis analysis
- Cell viability
- Cytotoxicity
- ELISA
- Reporter assays
- Signal transduction

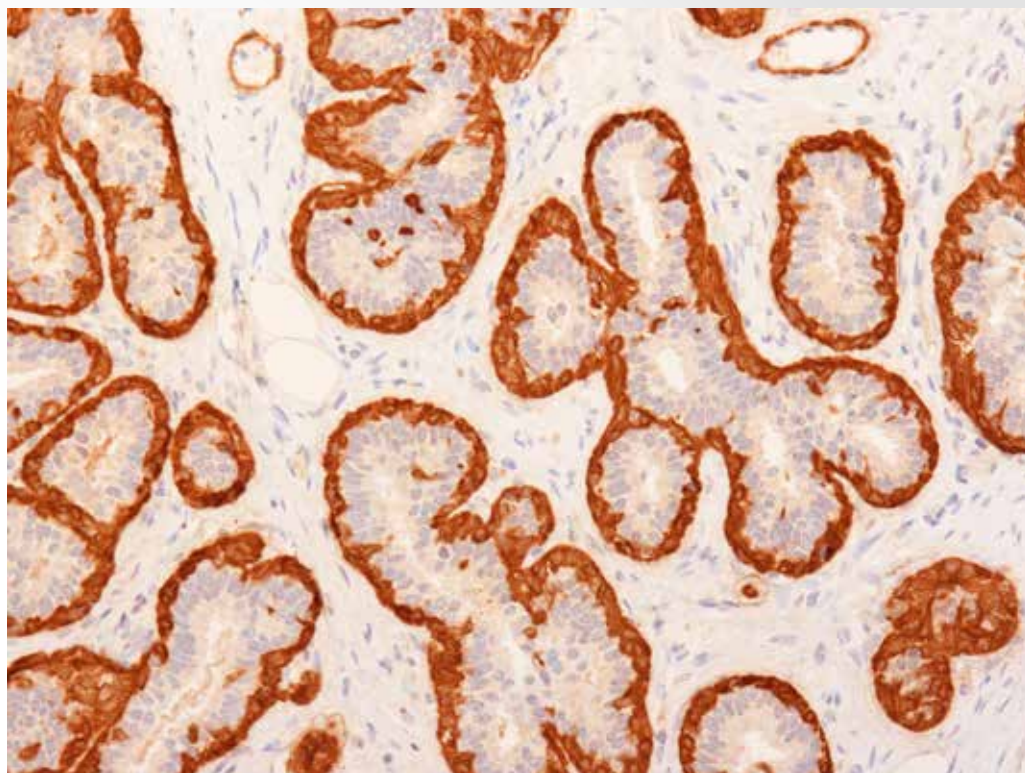

- Affymetrix
- Corning
- GE Healthcare
- Gibco
- Invitrogen
- Thermo Scientific

Genomic Studies

Breast tumour stained with the antibody Calponin, UV Quanto HRP/DAB detection, picture taken at 200X magnification

Don't forget our
Liquid Handling products

Production Supplies

- Peristaltic pumps
- Fittings
- Tubings

- Bel Art
- Fisherbrand
- Masterflex*
- Saint Gobain
- Thermo Scientific

Harvest, Separation and Purification

- Bottles and carboys
- Centrifuges and rotors
- Sterile centrifuge tubes
- Biotainers
- Disposable scoops, spoons, spatulas

- Bürkle
- Corning
- Fisherbrand
- Memmert
- Thermo Scientific

Storage

- Bottles and carboys
- ULT freezers
- Cryovials
- Controlled-rate freezers
- Storage boxes
- Dewars
- Cryostorage containers
- Thermometers, dataloggers
- Labelling

- Brady
- Corning
- Fisherbrand
- Gosselin
- Labconco
- Statebourne Cryogenics
- Tenak
- Testo
- Thermo Scientific
- Wheaton

Environmental Monitoring

Surface control

- Swab kits
- Dip slide agar
- Dish agar contact

Water

- Flasks
- Sodium Thiosulfate bottles
- Dip slide agar

Air

- Air sampling systems
- RODAC Petri dishes

- BD Difco
- Bürkle
- Copan
- Fisherbrand
- Foamtec
- Gosselin
- Greiner
- Sampling System
- Sartorius Stedim

Physical Chemistry Analysis

COD, BOD, turbidity, pH, conductimetry, salinity, heavy metals, parameters such as chlorine, MES, nitrogen...

Parameter	Method	Equipment	Supplier	Standard
COD (Chemical Oxygen Demand)	normalised	Photometers	Lovibond Tintometer	ISO 6060
		Thermo reactors	Palintest, WTW	
		Balances	Fisherbrand, Sartorius, Ohaus	
		Muffle furnaces	Thermo Scientific, Carbolite, Nabertherm	
BOD (biochemical Oxygen demand)	normalised	Drying ovens	Thermo Scientific, Memmert	ISO 5815
		Chemicals	Fisher Chemical	
		Oxymeters		
		Magnetic stirrers	Fisherbrand, Thermo Scientific	
Turbidity	normalised	Water purification	Thermo Scientific, Sartorius	SM 5210 D
		Incubators	Lovibond Tintometer, Velp Scientifica	
		BOD systems	WTW, Lovibond Tintometer, Velp Scientifica	
pH	normalised	Turbidimeters	Velp Scientifica	ISO 7027
		pH meters	Fisherbrand, Thermo Scientific, WTW, Mettler, Knick	ISO 10523
Conductivity	normalised	Standard buffers	Fisher Chemical, Reagecon	ISO 7888
		Conductivity meters	Fisherbrand, Thermo Scientific, WTW, Mettler, Knick	
DO (dissolved oxygen)	normalised	Standard buffers	Fisher Chemical, Reagecon	ISO 58134, ISO 17289
		Oxy meters	Thermo Scientific, WTW, Mettler, Knick, Horiba	
ORP	normalised	Ion meters	Thermo Scientific, WTW, Mettler, Knick	ISO 10304
		Chromatography	ion Chromatography	
Water hardness	rapid	Test strips	Tintometer, Macherey Nagel	ISO 6878
		Photometers	Thermo Scientific, WTW, Tintometer	
Nitrogen-Kjeldahl	normalised	Digestion units	Velp Scientifica	ISO 5663
		Heavy metal	Atomic absorption	Thermo Scientific, Jenway
Phosphorus	normalised	Mineralisation systems	Velp Scientifica	ISO 6878
		Photometers	WTW, Tintometer Lovibond	
Phenol	normalised	Spectrophotometers	Thermo Scientific, Jenway	ISO 6439
		Spectrophotometers	Thermo Scientific, WTW, Lovibond Tintometer, Jenway	ISO 7393
Chlorine	normalised	Spectrophotometers	Thermo Scientific, WTW, Lovibond Tintometer, Jenway	ISO 7393
		Moisture analysers	Fisherbrand, Sartorius	
Suspended solids by filtration	rapid	Centrifuges	Fisherbrand, Thermo Scientific	ISO 11923
		Filtration glass fibre filters	Thermo Scientific, Merck, GE Healthcare, Sartorius	
TOC	normalised	Ovens	Thermo Scientific, Heratherm, Memmert	ISO 872
		Balances	Fisherbrand, Sartorius, Ohaus	ISO 872
		Freeze dryers	Labconco	ISO 1484
		FTIR Spectroscopy	Thermo Scientific	

Sample Transportation

- Carriers

Qualitative Analysis

Colorimetry: strips, bunsen burners, aluminum foil, parafilm

Concentration: glassware, reagents, indicators

Electrochemistry: pH (acidity, alkalinity), **Conductivity,**
TDS, Salinity, Turbidity: buffers, standards, strips, multi-parameters

Hardness: indicators, colorimetric tests

Density: hydrometers, densimeters, balances

Viscosity: equipment

Moisture: Karl Fisher equipment, reagents

Melting point: equipment

Index of Refraction: refractometers, pipettes, bulbs, standards

Chemical Oxygen Demand: reactors, tubes, fume hoods

Polarimetry: polarimeters, tubes

Discover our latest news on Workflow Solutions:

All your Life Science Premier Brands from One Source

We are committed to working with you to lower costs and increase efficiency, so you have the freedom to focus on research. We can provide any and all of the resources, products and programmes to ensure that success.

When you choose Fisher Scientific, you are selecting a partner with more than a century of experience and a forward-looking suite of products and services to support your Life Science research.

As well as our workflow solutions, the Fisher Scientific brand offers a comprehensive portfolio of safety equipment and PPE to ensure a safe workplace.

The Fisher Scientific brand is dedicated to supporting your needs on an individual basis. Our unique management structure will ensure that best practices are shared regarding issue resolution, process improvement and drive for cost savings, helping you stretch your research funding further.

Your Account Manager will provide end-user focused support including advice on products and answer questions on alternatives, availability and pricing. You will also be supported by technical specialists: our Life Science Specialist sales team and our Safety Specialists, to offer advice regarding specific applications.

Unity Lab Services (ULS)

Unity Lab Services combines product and laboratory support services to create a single solution for customers so they can optimise productivity and reduce their total cost of laboratory operations. Unity Lab Services offers a range of pipette calibration and equipment maintenance services.

Our solutions are scalable to meet your varied needs, from a single instrument support plan to a highly customised programme at your laboratory site. We offer a range of services depending on the territory you are located in.

Instrument Services

We can also offer a range of equipment service options ranging from annual preventative maintenance to premier service contracts. Please discuss your requirements with your local sales contact.

Pipette Calibration

Regular pipette calibration and maintenance ensures repeatable, reliable results and these services ensure the lifetime of your pipette is maximised. GLP (Good Laboratory Practice) requires precision tools to be maintained and calibrated at regular intervals by a competent body. All pipettes calibrated by Unity Lab Services will meet ISO 8655 standards.

Customer Service and Product Support

Our extensive teams of local Customer Service and Product Support Specialists are dedicated to servicing your needs by providing you with support to complete your laboratory research.

Your Customer Service Specialists are your first point of call for help with up to the minute data on products, prices, availability and delivery. In addition they are ably supported by a trained team of Product Support Specialists who are dedicated to helping you with any technical product queries you may have. All Customer Service Specialists receive continuous training and support through an in house coaching and development programme.

Application and Product Support Specialists all with scientific background

Team of Customer Service Specialists

Call monitoring systems in place

Need Technical Support? Then we can help here too!

Our Product Support Advisors are all highly qualified professionals who are ready to support and guide you

WHAT OUR CUSTOMERS SAY ABOUT OUR PRODUCT SUPPORT

"I was very impressed by the knowledge and professionalism shown...both telephone calls and emails were responded to immediately and it felt like a tech support call, not a sales call..."

"...we were extremely satisfied with the experience overall! Your specialist could not have been more helpful, dealing so professionally, speedily and friendly with every query..."

"...speed, appropriate technical knowledge and appropriate/clear/thorough response are what matters and are exactly what I got. Thank you..."
